ABOUT THIS PLAN

Experience the "Summerville" floorplan – a harmonious blend of space, elegance, and comfort that exudes old-world charm while boasting high-end amenities. Step stunning foyer that is open to the dining area with a coffered ceiling, and into the great room. As you explore further, you'll be captivated by the impressive staircase at the rear of the home. With ten-foot ceilings enhancing the downstairs space, you'll find a gourmet kitchen complete with a butler's pantry and an oversized pantry, along with the perfect granite island for hosting family and friends. The laundry room is not just practical but also spacious enough for a freezer or any cleaning apparatus you might need. The grand primary suite is a sanctuary unto itself, leaving no detail overlooked. It features a cozy sitting area, a massive closet, and a luxurious primary bath with double granite vanities, a separate full tile shower with a heavy glass door, and a soaking tub. Upstairs, there's room for everyone, with three generously sized bedrooms and a bonus/media room that offers versatile living options.
